Republican Demonstration.

New York, Nov. 3.—The final Republican demonstration of the campaign occurred this afternoon. Rain fell throughout the hours of passing, but did not quell Republican ardor. The procession was one of the largest ever seen in this city, and many thousands larger than the Democratic turnout of last week. Probably not less than 50,000 men were in line, representing all trades and professions. Scores of bands, floats and banners were conspicuous features. One float bore a streamer with the name of John Bonah and having on board a funeral wreath and a detachment of miners from Pennsylvania, with lights in their hats and carrying picks. Large bodies of mechanics are in line; also a large number of Irish-Americans. A few Irish flags were carried. The American Club were all wearing high white hats. The operators of the Western Union Telegraph Company in this city appeared in great force. The slogan all the way up Broadway, from Wall street, was the familiar "No, no, no Free Trade." The Glee clubs are now passing singing "Grover's in the Cold, Cold Ground." Broadway is thronged, the sidewalks are crowded, windows are filled, and handkerchiefs and flags waving from nearly all the windows. The procession takes the sole attention. There is much greater enthusiasm in the business section than attended the Democratic demonstration last Saturday. At 2.30 the procession had been passing one hour and one-half. There seemingly is no end to it. The crowds are cheering the passing multitude incessantly.

Good News From Virginia.

STAUNTON, Va., Nov. 3.—The canvass in Virginia is practically closed. A careful review of the situation is encouraging to the Republicans. There is but little doubt that the Republicans will poll a majority of the votes to be cast on the 6th of November. If a fair count is had in the "black belt" mostly located in the Fourth and Second districts, the electoral vote will be given to Harrison and Morton. These districts give from 14,000 to 15,000 Republican majority, and will elect Republican Congressmen without doubt. The Republicans are confident of carrying the First and Ninth districts. In the Fifth and Sixth and Tenth districts they have more than an even chance. Miller, independent candidate in the Seventh, claims that he will be elected over O'Ferrall, the regular Democrat. In the Eighth, General Lee, Democrat, is closely pressed by Park Agnew, Republican, but it is not probable the latter can overcome the 2,500 Democratic majority. To sum up, the Republicans will probably carry the State on the electoral ticket, and four Republican Congressmen are almost certain, with favorable chances for the Fifth, Sixth, Seventh and Tenth districts. In the Richmond district the Republicans claim they will elect Waddell, Republican, over Wise, Democrat. The canvass of the State has been active and thorough, and a large vote will be cast.

Betting on the election in the East seems to be an even thing. No matter which side offers to bet the other side manages to raise the funds necessary to "cover" the proffered amount.

A canvass of the early passenger train Sunday night between here and Wadsworth, showed the occupants to favor Harrison and Morton and protection by a vote of 60 to 33.

Vote against any Constitutional Convention. There is no need of spending \$30,000 or \$40,000 to revise the Constitution. Let it be done in the regular and proper way.

The Democrats in Virginia are reported to be in desperate straits, and telling all sorts of campaign stories to win back lost ex-Confederate votes.

James G. Blaine is in New York.

HARRISON AND CLEVELAND IN 1864.

Part of Hon. Lewis Hanback's Speech at the State Convention at Topeka.

Time, 3 o'clock in the afternoon, July 20, 1864. Place, Peach Tree Creek, Ga. Gen. Hooker to side—"Tell Harrison to move up his command." Time 3 o'clock in the afternoon, July 20, 1864. Place, Buffalo, N. Y. Enter three persons into a saloon. To barkeeper—"Where's Grover?" Barkeeper—"He will be here in a few minutes." Time, 3:10 in the afternoon, July 20, 1864. Place, Peach Tree Creek, Ga. Harrison to Hooker—"Where shall I put my command?" Hooker—"Youder on the left, in two lines." Time, 3:10 in the afternoon, July 20, 1864. Place, Buffalo. Enter Grover. "Hello, boys, what will you have?" Time, 3:20 in the afternoon, July 20, 1864. Place, Peach Tree Creek, Ga. Harrison to side—"Say to Gen. Hooker the enemy is moving heavily on my front." Hooker to side—"My compliments to Col. Harrison, and tell him to double his skirmish line." Time, 3:20 in the afternoon, July 20, 1864. Place, Buffalo. Grover—"What shall we play?" The boys—"Seven up." Time, 3:30 in the afternoon, July 20, 1865. Place, Peach Tree Creek, Ga. "Say to Gen. Hooker the enemy is advancing in heavy columns on my front." Hooker to side—"My compliments to Col. Harrison; say to him to withdraw his skirmish line slowly and to hold his position at all hazards." Time, 3:30 in the afternoon, July 20, 1864. Place, Buffalo. Grover—"What's the trump?" Time, 6 o'clock in the afternoon, July 20, 1864. Place, Peach Tree Creek, Ga. Harrison to Hooker—"Gen. Hooker, we have driven the enemy with great slaughter at every point and are in full possession of the field." Hooker, with a mighty oath—"Col. Harrison, you have won your star by this day's work, and you shall have it." Time, 6 o'clock in the afternoon, July 20, 1864. Place, Buffalo. Grover—"I have won the game and drinks." Bartender—"You can't beat at seven up." Enter new boy greatly excited—"Evening paper. Great battle in Georgia. Our side wins!" To Grover—"Buy a paper?" Grover (with a sweep of his hand)—"Don't bother me." A pin could be heard drop for a second, followed by cheers, stamping, yelling, and throwing up hats and canes; in fact, a perfect pandemonium for at least ten minutes, after which the speaker continued:

On, men of America! Proud of your country, of the glory of its past, and of its promises for the future; O, citizens of this grand State, for whom will you vote? For him who won his star at Peach Tree Creek or for him who won the drinks at Buffalo?—Osborne (Kan.) Farmer.

STANLEY HEARD FROM.

His Health Said to Be Good, but the Party Has Endured Great Suffering.

LONDON, Nov. 2.—A courier recently arrived at Zanzibar from Tabara, and reports that a party of Arabs met Stanley's rear guard west of Albert Nyanza last November. The rear guard was composed of thirty men. Stanley was with the advance of the expedition, two days' march ahead. The expedition had endured great suffering, and, owing to the thick forests, was unable to march much more than a mile and a quarter daily. Many members died and forty were drowned while crossing a large river. Stanley was forced to fight hostile tribes to secure provisions. Stanley's health is good. He was aiming to reach Wadelai, where he hoped to arrive within fifty days.

Blaine Gives Information and Advice to Connecticut Voters.

NEW HAVEN, Nov. 3.—Blaine received an ovation here yesterday. He addressed about fifteen thousand people in the public square. He criticised Secretary Fairchild's disposition of the surplus and quoted the reasonable utterances of Bayard when he said "two republics could exist on this Continent side by side." Mr. Blaine also spoke at Derby to 10,000 people. In the course of his remarks he said: "The question pressed upon us to-day is: 'Are you willing to trust the President of the United States who has sent a Free-trade message to Congress; are you willing to trust him with the tariff?' The whole question, my friends, is the question of wages, and being the question of wages, the votes of men who earn wages can decide the election. Western Democrats say New England has palaces on ever hill-top. I have lived in New England many years and have never seen but few of them. The vast number of people are comfortably well off. It is in their hands, and always has been in their hands, to make and unmake the laws of the country."

Senator Sherman thinks General Harrison will carry New York and Connecticut.

NEVADA'S CONTRIBUTION.

To the California Board of Trade Exhibition.

The San Francisco Bulletin, of last Saturday, says:

These persons whose chief ideas of Nevada are associated with sage-brush and the Comstock lode, had better go to State Board of Trade headquarters on Market street and see the horticultural and vegetable products just sent down here for exhibition. If they are not surprised they will differ in this respect from all who have yet seen the display. No New Englander ever saw such apples. One would make dessert for a family, and two would supply apple dumplings for a boarding-house. Rosy and clear skinned, without sign of speck or worm, they set in long rows on shelves waiting to be admired. Here are samples of Spitzenburg, Swart, York Imperial, Rhode Island Greening, Winesap, Bellflower, Brother Jonathan, Kentsucky Red, Fall Pippin, and various others. They are all from Washoe county, as is the bulk of the exhibit. A few products are from Esmeralda county. The apples are the most attractive feature of the contribution, but there are some monster potatoes and betts, grain and hay from the fertile Washoe Valley, minerals and other things. Among the contributors and producers are Ross Lewers of Washoe, Governor C. C. Stevenson of Carson, William Thompson and R. W. Farry of Reno, J. C. Peckham of Washoe, T. G. Hurman of Wadsworth, D. A. Bender of Candelaria.

The Nevada display has been arranged in the rear room of headquarters, but space is cramped and the managers feel that soon more room for the attractive products must be secured. Nevada will send yet more of her good things to convince home-seekers of her agricultural possibilities. Towns in Southern Oregon are arranging displays to be maintained here. Samples of Arizona products are expected and more counties of California are coming in to help maintain the permanent exhibition. It is planned now to secure two large stores which adjoin present quarters running through to Second street, and make them into Oregon and Nevada annexes, respectively. Archways would be cut in the dividing walls and the general appearance of headquarters would be much improved. Governor Stevenson, of Nevada, promises legislative aid to maintain a State exhibit. Kern is among the late additions to the enlisted roll of counties.

WADSWORTH ITEMS.—A Truckee Republican correspondent says:

Wadsworth is booming politically this week.

A photographer has pitched his tent in this burg, when not otherwise occupied he passes his time betting on Harrison and that California goes Republican. He has several hundred dollars bet on the result and takes all bets large and small.

The weather has been very cold this week.

Ducks are beginning to come up the river and several good bags have been shot by local sportsmen.

All Hallow Eve, was duly celebrated by the good boys of Wadsworth. Gates, wagons and dry goods boxes were duly distributed. Arnstein's dog cart was nicely stowed away on the roof of his stable.

Several hundred dollars have been bet on the election here. Bets are mostly on the President and California. Your correspondent will be several dollars poorer if California goes Democratic.

Truckee had better send some of her candidates for Justice of the Peace and Constables to this place. At a public meeting held this week after a great deal of coaxing one candidate for each office was selected and a guard has been placed over them to keep them from running off before election. By particular request will withhold their names.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

HAS IT BEEN A SUCCESS?

Why All Nevadans Should Vote for Harrison and Morton To-day.

LOVELOCK, Nev., Nov. 3, 1898.

ED. JOURNAL:—Has Cleveland's administration been a success? Mr. Cassidy says it has, wonderfully so. Viewing it from some points of the compass it has, but it is like all other Democratic success. It has succeeded in effectually assisting England and the gold bugs of New York City in building up a gigantic silver monopoly which sinks into utter insignificance the most stupendous railroad monopoly existing upon the face of the earth. This monopoly is not only holding in check all silver mining operations within the United States, but it is paralyzing every silver mining district in the Western World. This is a fact open to all who read the mining news of our country and yet there are men in the State of Nevada who depend wholly upon mining—and all of its people depend upon mining more or less—who are going to march up to the polls on the day of election and consciously cast their ballots to cripple the crowning industry of their chosen State. The Democratic nominee for Congressman is well supplied with self-confidence, but he has handled the silver question throughout his campaign tour with very light fingers, at some of our mining towns discussing this subject two and a half minutes; and had not Mr. Cassidy been conscious of possessing a liberal amount of political flattery, I think he would have shrank from such an embarrassing shrauk.

For the purpose of having grounds to oppose the Republican party, the strong friend and promoter of the system of protection to American labor and industries, this new Democracy, as it is termed by those who are ashamed of the old, aims to build up another monopoly abroad which is to be a promoter of the silver monopoly in the great Grover Cleveland scheme tending toward the annihilation of the home industries of our land. England built up her great manufacturing industry under a system of protection, and as a matter of course, is disposed to resort to almost any means to prevent the United States of America from following her example and thereby becoming her most dreaded competitor in the markets of the world. Can we wonder at seeing Democratic campaign funds swelled by English coin, when we trace the notes of President Cleveland upon the silver question and the tariff issue from cause and effect? The Nevada Democratic State Club, at the close of their printed address relative to issues of the Presidential campaign, copies of which have been distributed throughout the entire State, says Grover Cleveland, who fears the standard of Democracy, has made a wise and a brave President. During his term of office he has approved of no legislation un-American or injurious to the people. We believe he should be supported by the people of Nevada and re-elected to the exalted office which he has so worthily filled. Excessive and special denials to charges preferred sometimes nearly amount to admission of the truth of those charges, and I think the members of the Nevada Democratic State Club have a lingering idea that some acts of the President and his cabinet are un-American, or it would not have been so voluntarily denied. How they fail to see that the languishing industries of Nevada point directly toward this self-evident truth is to me a perplexing political conundrum. They call Cleveland brave because he is showing Democratic colors which they wish to hide, and then they deny the ownership of colors which their acknowledged standard-bearer has raised in the blue heavens before the eyes of all. This is Democracy. The Democratic party is a party of prejudices. The Republican party one of progress. The history of each has been recorded, and may the voters of our nation, in the coming election, reflect upon the past history of each and think of the future when preparing to choose by the ballot those by whom they wish to be represented and governed.

A MEMBER OF THE HARRISON AND MORTON CLUB.

THE MIRROR OF IRELAND.—The above well-known combination will appear in McKissick's Opera House on the 14th inst. The Laramie Times of Sept. 11th says: An Irishman born who would not go to see the "Mirror of Ireland" must have forgotten the scenes of his childhood. An Irish-American who fails to see the picture of the home of his parents could not have heard from the lips of his dear mother the story of his Irish people. No Irishman, woman or child, who loves Old Ireland and her people never fails to see Morris Sullivan show. If any failed last night to go to Maenherchor hall they will be there to-night. Dan and Josie are as witty and sparkling as ever. There is no end to the fun and the singing and dancing. Barney is one of the greatest Irish characters on the stage, and Nora has never been equaled for a bright, sparkling, Irish girl character. The wit and the laughter are as natural as when a little girl Josie and her sweetheart had their fun in Old Ireland. Nobody knows better how to present the true Irish character and speak the rich brogue than do the natives of the "ould sod." Barney and Nora are not made up Irish people, they are real and genuine, and that is why Irish people in America love them and their show.

PRELIMINARY ELECTION FIGHT.—Yesterday two shepherders, named Arthur Williams and Charles Barstow, became involved in a political quarrel over the merits of their respective candidates, and it seems that Williams getting particularly personal accused Barstow of having forged his brother-in-law's check some two years ago. They then brought up in the Pioneer Hotel where hostilities were renewed which resulted in Williams having his left jaw laid wide open by a knife in the hands of Barstow. Had it been an inch lower it would have severed the jugular vein and as it is it will require some time for it to heal. Drs. Hogan and Lewis attended the injured man and sewed up the jaw, after which Williams was conveyed to the County Hospital. Barstow was also taken into custody and now languishes behind the bars.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-saw f-1v

PLATFORM

The Republicans of Washoe, proud of the
past and hopeful for the future, heartily en-
dorse the platform and nomination of the Na-
tional Republican Convention, as adopted at
Chicago, and the Republican State Convention
at Winnemucca, and pledge a rousing majority
for Harrison and Morton. Protection, and
thorough and business like ticket nominated
by this Convention. We demand legislation
from both Government and State in regard to
irrigation, and for the improvement of our
natural waterways, as well as for the storage of
water, whereby the natural advantages of this
section can be improved to their fullest ca-
pacity. We demand the most rigid economy in
State and county affairs, and the establishment
of the State's expenses upon such a basis as
will secure good government at the lowest rate
of taxation. We main aim that a rate of seven-
five cents should be and is sufficient to provide
revenue for the State Government.

PLATFORM AND RESOLUTIONS.

The Republicans of the State of Nevada in
convention assembled again express their loy-
alty to the principles of the Republican party,
which have made the country so great and pros-
perous during the last quarter of a century.

Resolved, That the question of a sufficient
supply of a circulating medium to maintain a
permanent range of the price of labor and prop-
erty is the most important political question
awaiting solution by the American people.

Resolved, That a diminishing quantity of
money reduces the price of labor and property,
increases the obligation of contract, enriches
the creditor, impoverishes the debtor, and par-
alyzes industry and enterprise.

Resolved, That the present financial system
of the United States, which increases or dimin-
ishes the circulating medium at the pleasure of
the manipulators of the National banks, with-
out regard to the increase of population or the
wants of the people, and which recognizes gold
alone as the standard of value, and places in
the hands of the Treasury Department all the
revenue of the Government to speculate with
in bonds and loan to National banks without
interest, is subversive of the rights of the people
oppressive, unjust, and should be repudiated.

Resolved, That a financial policy whereby both
gold and silver shall form the basis of circula-
tion, whether the money used by the people be
coin, or in certificates redeemable in coin, or
both, as convenience may require, is impera-
tively demanded.

Resolved, That the attempt to substitute Na-
tional bank notes, costing the Government
millions of dollars, annually, for free silver,
costing nothing, is an outrage upon the people,
that the money ring or trust, which has usurped
the sovereign power of the Government to is-
sue money, and which has fraudulently debase-
d silver and seized the revenue of the Gov-
ernment for private speculation, shocks the
moral sense of the people and destroys respect
for Government and law. We demand that this
ring or trust be destroyed and equal rights re-
stored to all people.

Resolved, That we charge that President
Cleveland is the willing tool or slave of the
money ring which fattens the subsidies of
the Government, makes war on silver, issues
its paper currency at the expense of the Gov-
ernment, borrows the revenue raised by tax-
ation, and uses the same to pay the interest
of interest, contracts the currency to enhance
the value of bonds, and enriches the usurers while
it depresses the price of labor and property.

Resolved, That we favor the nomination of
no man for President who is personally inter-
ested in National banks or the bonded indebt-
edness of the United States, and who has de-
manded a mandate to do justice to all the peo-
ple of the country—the poor as well as the rich.

Resolved, That the trickery of the President
and his advisers by which they prevented a vote
in the House of Representatives on the Beck
silver amendment to the bond purchasing bill,
equals the villainy of the secret and fraudulent
demonetization of silver in 1873.

Resolved, That we are in favor of the pro-
tection of home industry, and that the laborers of
this country have a right to the work required
to supply the people of the United States, and
that we are in favor of high wages in this coun-
try, and to that end will protect the wage workers
competition with the cheap labor of other lands.

Resolved, That the policy of the Government

should be inaugurated and established by the
people through their representatives in both
Houses of Congress, and not by the President
or the money trust, of which he, either as
agent or head, is ineffective in defending.

Resolved, That we charge President Cleveland
with violating every principle he made in favor
of civil service reform, with crippling the mail
services, with refusing to sign necessary bills
for the improvement of rivers and harbors,
with using the power of his administration to
prevent any legislation for a navy and coast de-
fenses, with attempting to destroy the protective
tariff, with courting the good will of other
nations at the expense of the citizens of the
United States, and with joining to the foreign
bondholders to demonetize silver and destroy
the industries of our country, and for the re-
duction of wages of the Mint employees at Car-
son for closing the Carson mint, and for the
Government building at Carson as required.

We are in favor of the absolute exclusion of
Chinese, and the restriction of the Chinese in
the labor market is made worse, and also favor
legislation by which a revision of our natural-
ization and land laws may be accomplished.

We demand, in behalf of our various indus-
tries, the retention of the duties on lead, borax,
soda, hides and leather, and to restore the
tariff of 1867 on wool.

Resolved, That we recognize the right of
labor to organize for its lawful protection.

Resolved, That we favor the submission by
the Legislature to the people of an amendment to
the Constitution giving the Legislature the
power to regulate the liquor traffic.

We favor liberal appropriations by Congress
for hydrographic and topographical surveys
in this State to the end that the waste waters
may be preserved for the purpose of irrigation.

We endorse the wise and conservative admin-
istration of Governor O. C. Stevenson, and we
heartily commend the able efforts of Senators
Stewart and Jones and Representative Wood-
burn in behalf of the interests of the people of
this State.

We favor the granting to Nevada of all Gov-
ernment land within the State for the purpose
or providing means for irrigation and other
improvements.

We favor the reduction of the Treasury sur-
plus by the payment of pensions to Union sol-
diers, their widows and orphans, the improve-
ment of rivers and harbors, the building of
defenses for our sea-coasts, the erection of
public buildings, the creation of a navy, the
purchase of bonds and the repeal of the inter-
nal revenue laws taxing tobacco.

It is the duty of the State to maintain free
schools in all the rural and sparsely
settled districts as well as in towns and thickly
settled sections, and that such a division of
the school money should be made as will furnish
the means of education to all children in the
State.

We are in favor of reopening the Carson
Mint for coinage, and raising the wages of the
employees to the standard paid by the last Re-
publican Administration.

We demand the restoration of the mail ser-
vice by the payment of pensions to the mail ser-
vice by the last Republican Administration, and
favor the payment of fair wages to all postal
employees.
